Dear HR,

I am writing to express my strong interest in the **Flutter Engineer** position at Qured, as advertised on the Company Website. With a solid background in full-stack app development, specializing in **Flutter/Dart** for the frontend and **NestJS** for the backend, I am excited to bring my 2 years of experience and expertise to your dynamic team.

Currently, I am employed at **Apollo Hospitals** which is the leading multispecialty **health care unit** , where I played a pivotal role in developing a cutting-edge **doctor booking app**. My contributions to this project not only showcased my proficiency in app development but also my ability to work collaboratively in a fast-paced environment. I also had the opportunity to work on previous projects, further honing my skills and adaptability.

Two standout projects in my portfolio exemplify my technical prowess:

1. **Flutter Ecommerce App**: I designed and developed a full-stack Flutter ecommerce app, specializing in shoe sales. This project incorporated robust authentication and authorization mechanisms, demonstrating my commitment to security and user privacy. I leveraged Bloc state management and GraphQL to ensure a smooth and responsive user experience.

2. **NestJS School Management App**: In this endeavor, I created a comprehensive backend system using NestJS for a school management app. This system empowered teachers to post assignments and events seamlessly, and I implemented stringent authentication protocols. Additionally, I crafted APIs with role-based access control (RBAC) for enhanced security and user management.

I am deeply passionate about staying at the forefront of technology, and I'm eager to contribute my skills to a company renowned for innovation and excellence like Qured. My drive to deliver top-notch solutions aligns perfectly with your commitment to pushing boundaries and achieving excellence.

Enclosed is my resume, which further outlines my qualifications and experiences. I am enthusiastic about the opportunity to discuss how my skills and experiences align with your team's needs. Please feel free to reach out to me at **+918400370072** or harshit.26sachan@gmail.com to schedule a conversation.

Thank you for considering my application. I look forward to the possibility of joining your team and contributing to the continued success of Qured.

Sincerely,
Harshit Sachan
